Sell online, accept PayPal® and credit cards, and offer shipping! Works with QuickBooks®!†

Online Sales are expected to hit \$144 billion in the U.S. and £78bn in the UK by 2010. Isn't it time you got your piece of the pie? With Quick Shopping Cart, you can create and publish a stand-alone Internet store or add one to your existing Web site in a matter of minutes. Accept PayPal® and credit cards, offer multiple shipping options, issue coupons -all via your secure site. And there's NO "percentage of sales" fee!

¹ Performance may begin to slow at varying numbers of products depending on potential physical and practical constraints, including (but not limited to): system architecture, system capacity, system load, end-user Internet connectivity and end-user computer configurations.

² Transaction fees may be collected by third parties that you contract with such as payment gateways and merchant account providers that process credit card transactions.

NOTE: If you would like to accept credit cards with a merchant account, you'll need to secure your site with an SSL certificate (available for purchase above).
